

The Map icons aren't showing in the correct positions - Is this something we can change?

- This can be changed under Place marks Menu

- Click edit/Add New

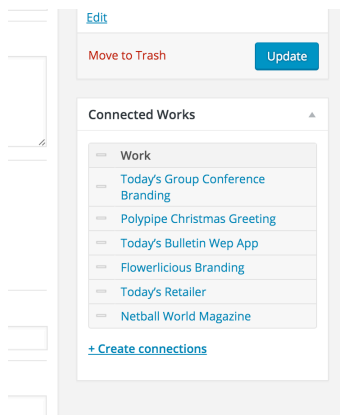

- You can either enter the address or location of the area, the featured image will be the marker on the map

Can the Sign Up box CTA be editiable in CMS please so it doesn't always have to say 'tell me how'

- The CTA here is linked with Signup scroll, let me know if they are to be different.
- To edit the scrolling signup and the text here Scroll Sign Up(s) Menu
- There you can set Scroll Button Text as desired

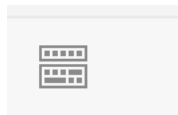

We need to be able to choose which 6 work blocks we have here

- You can choose this from Home Menu

- The Connected Works on right hand side will be used for selecting works to be displayed here, they are scrollable/sortable, also the listing is done from top to bottom (Top 6)

In the CMS there needs to be the option to change the format of the text eg. 'heading' or 'paragraph' this was here the other day but now gone?

- The feature is still present. On the Visual Editor you can see the above icon, it toggles the option to set heading/paragraph

Can the text on the 'About Us' banner be editable in CMS

- This is editable, Go to Pages->About
- There you will find description for Banner Top
